- Select up to 940 Mbps Internet service included at no extra charge

**For CTL Support call: 1-866-872-0238**

**Want more entertainment? Visit our TV marketplace.**

## CenturyLink Fiber Internet No waiting. No install.

Your home is pre-wired with a CenturyLink modem and router.

WiFi is waiting for you - **never miss a moment.**

Customer speed experiences will vary, particularly when accessing the Internet wirelessly from various devices. Maximum download/upload speeds are up to 940 megabits per second via a wired connection due to overhead capacity reserved to deliver the data. Internet speeds are not guaranteed due to conditions outside of network control, including customer location, devices, equipment, and access through a wired or wireless connection; see [centurylink.com/InternetPolicy](https://centurylink.com/InternetPolicy) for more information.

Rate subject to change. Month to month (referred to as "no contract") service means no term commitment and may be cancelled at any time without an early termination fee but customer must accept High-Speed Internet Subscriber Agreement prior to using service (see [centurylink.com/eula](https://centurylink.com/eula)). Additional restrictions may apply. CenturyLink may change, cancel, or substitute offers and services, or vary them by service area, at its sole discretion without notice. All products and services listed are governed by tariffs, terms of service, or terms and conditions posted at [centurylink.com/terms](https://centurylink.com/terms). See [centurylink.com/terms](https://centurylink.com/terms) for applicable taxes, fees and surcharges. **Secure WiFi:** If your modem includes the Secure WiFi feature, it should begin working within 72 hours of activating as long as you fully install it and leave it plugged in. Altering modem settings may disable Secure WiFi, as will Internet connection issues. If you are unsure whether Secure WiFi is working, contact us. Restrictions apply. ©2020 CenturyLink.
